Cargo Handling Corporation Limited

Annual Report

The Directors have pleasure in presenting their Annual Report together with the audited financial statements of Cargo Handling Corporation Limited, the "Company" or "CHCL", for the year ended 30 June 2022.

Incorporation

The Company was incorporated in the Republic of Mauritius on 02 September 1983 as a private company with liability limited by shares. The Company's registered office is CHCL Building, Mer Rouge, Port Louis, Republic of Mauritius.

Principal activities

The principal activities of the Company are those of:

- providing handling services for containers and general cargo by providing labour and equipment;
- providing for the storage of all general cargo including containers passing through Port Louis Harbour; and
- providing ancillary services namely monitoring of reefer containers, transfer of containers and leasing of equipment.

Business review

Results

The results for the year are shown on page 40.

State of affairs

The state of the Company's affairs at the reporting date is set out on pages 38-39.

Material clauses of the Company's Constitution

The Company is governed by its Memorandum and Articles of Association. The Memorandum and Articles of Association are in agreement with the Mauritius Companies Act 2001.

Memorandum of Association

Clause 2: Objects of the Company

Sub-Clause 1: Main Objects

- 1.1. To provide manual, supervisory and managerial staff to handle all cargo (excluding bulk sugar and any other commodity under the responsibility of the Mauritius Sugar Terminal Corporation and cargo passing through pipelines) passing through Port Louis Harbour from ships' holds, by the most efficient means consistent with costs.
- 1.2. To supply, maintain, renew, purchase or lease cargo handling equipment including tugs and lighters for the efficient movement of cargo from ships' hook until delivery to consignees, or in case of outward cargo for the movement from shore to ships' hook.
- 1.3. To provide all staff and equipment for the transshipment of cargo in Port Louis Harbour.
- 1.4. To provide for the storage of all general cargo including containers passing through Port Louis Harbour.
- 1.5. To provide, maintain and operate a container freight station in Port Louis Harbour.
- 1.6. To provide facilities or services for the welfare of all employees of the Company.

Cargo Handling Corporation Limited

Annual Report (Contd)

Memorandum of Association (Contd)

Clause 3: Limitation of Liability

The liability of the shareholders is limited to the amount, if any, unpaid on the shares respectively held by them.

Article 4: The Company is to be a Private Company

Consequential Restrictions

4.2. The Membership of the Company shall be restricted to:-

- (a) the Government of Mauritius;
- (b) the Mauritius Ports Authority; and
- (c) a public sector organisation.

Article 12: Increase or Alteration of Capital

12.1. The Company may, when thought expedient, increase its authorised share capital by the creation of new shares of such nominal amount and of such class as may be deemed appropriate.

12.1.3. Subject to any direction to the contrary in its resolution deciding on the creation of new shares or by these presents, all new shares of a particular class thus created shall when issued be offered in the first instance and either at par or at premium for subscription to all the existing shareholders of such class of the Company in proportion of such shares of such class held by them respectively.

Article 16: Management

16.1. The Company is represented and managed by a Board of Directors consisting of thirteen Directors. The Directors are elected either by ballot or by show of hands by the shareholders in general meeting.

Article 18: Proceedings of the Directors

18.1. The Directors may meet for the dispatch of business, adjourn and otherwise regulate their meetings and proceedings, as they think fit, provided they shall meet at least once every month.

18.6. The Directors may delegate any of their powers to committees, consisting of two or more members of their body, as they think fit, and may from time to time revoke such delegation.

Directors

The present composition of the Board is set out on page 2.

Directors' responsibilities in respect of the financial statements

Company law requires the directors to prepare financial statements for each financial year which present fairly the financial position, financial performance and cash flows of the Company. In preparing those financial statements, the directors are required to:

- i. ensure that adequate accounting records and an effective system of internal controls and risk management have been maintained;

Cargo Handling Corporation Limited

Annual Report (Contd)

Directors' responsibilities in respect of the financial statements (Contd)

- ii. select suitable accounting policies and then apply them consistently;
- iii. make judgements and estimates that are reasonable and prudent;
- iv. state whether International Financial Reporting Standards have been followed and complied with, subject to any material departures disclosed and explained in the financial statements; and
- v. prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements are prepared in accordance with International Financial Reporting Standards and comply with the requirements of the Mauritius Companies Act 2001 and the Financial Reporting Act 2004. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The external auditors are responsible for reporting on whether the financial statements are fairly presented.

The Directors hereby report that: -

- i. adequate accounting records and an effective system of internal controls and risk management have been maintained;
- ii. appropriate accounting policies supported by reasonable and prudent judgements and estimates have been used consistently;
- iii. applicable accounting standards have been adhered to. Any departure in the interest in fair presentation has been disclosed, explained and quantified; and
- iv. the Code of Corporate Governance will be substantially complied with in the next reporting year and the Company will provide reasons for non-compliance.

Internal Control

The Directors are responsible for the Company's systems of internal control. The systems have been designed to provide the Directors with reasonable assurance that assets are safeguarded, that transactions are authorised and properly recorded, and that there are no material errors and irregularities. An internal audit function is in place to assist Management in the effective discharge of its responsibilities and it is independent of Management and reports to the Audit Committee.

Risk Management

The Board of Directors has overall responsibility for risk management. Through the Audit Committee, the Directors are made aware of the risk areas which affect the Company and ensure that the Senior Management team has taken appropriate measures to mitigate these risks.

Contracts of Significance

There were no contracts of significance to which the Company was a party and in which a Director was materially interested either directly or indirectly.

Cargo Handling Corporation Limited

Annual Report (Contd)

Directors' Share Interests

The Directors' have no interest in the share capital of the Company, either directly or indirectly.

Cargo Handling Corporation Limited

Annual Report (Contd)

Donations

Donations made by the Company are detailed in the Corporate Governance Report.

Auditors

The fees payable to auditors for the year ended 30 June 2022 are as follows:

	30 June 2022 Rs	30 June 2021 Rs
Audit	920,000	920,000
Other services	54,625	54,625
	974,625	974,625

The financial statements were audited by Messrs. Grant Thornton. Other services relate to tax compliance fees.

Messrs. Grant Thornton ensures objectivity and independence are safeguarded at all times. The non-audit services (i.e. tax compliance services) are performed by Grant Thornton (Advisory Services) Ltd, a separate legal entity headed by non-audit partners.

Approved by the Board of Directors on 21-12-2022 and signed on its behalf by:

 Mr. Medavy Pillay MUNIEN
 Chairman

 Mr. Eric Presley Michael PAUL
 Managing Director

Cargo Handling Corporation Limited

Corporate governance report

Principle 1: Governance Structure

Compliance with the National Code of Corporate Governance for Mauritius (2016) (the “Code”)

Cargo Handling Corporation Limited, the “Company” or “CHCL” is a government-owned private company incorporated in October 1983. CHCL is a public interest entity as per the Financial Reporting Act 2004 and has taken and continues to undertake all necessary steps to ensure full compliance with the Code of Corporate Governance (Code). CHCL recognises the ever-growing importance of good governance principles and is committed to fully comply thereof. CHCL remains guided by the eight principles issued by the National Committee on Corporate Governance in its “National Code of Corporate Governance 2016”.

Presently, CHCL has a formalised Conduct and Ethics Policy for employees in the CHCL Employee Manual.

The CHCL is applying the principles contained in the Code and this report is also disclosing the compliance status.

Key Governance Positions

The Board of Directors approves all key governance positions within the CHCL and the corresponding accountabilities of these key positions. The Board assumes responsibility for leading and controlling the Company and ensuring that all legal and regulatory requirements are met. The roles and responsibilities of the Chairperson and the Managing Director (the Chief Executive Officer) are clearly stated and differentiated in the Memorandum and Articles of Association.

The Board has not yet formalised its Board Charter though the functioning of the Board is governed by CHCL Memorandum and Articles of Association and by established practices, policies and objectives.

The Board meets each month as per its constitution and reviews all significant matters through its sub committees and established agenda.

Role and Functions of the Chairperson

The Chairman presides over board meetings and ensures the smooth functioning of the Board. The Chairman also presides over the Company’s Meetings of Shareholders. The Chairman ensures that the Board operates in an effective manner with the contribution of each and every Director. He also has the responsibility that all relevant information and facts are placed before the Board to enable the Directors to reach informed decisions. The previous Chairman was Mr. Gopala Krishnan Permall who resigned on September 2021. Thereafter, Mr. Kechan Balgobin was appointed as the acting Chairman of the Company up to 01 August 2022. Presently, Mr. Medavy Pillay Munien is the Chairman of the Company.

Role and Functions of the Chief Executive Officer

Mr. Eric Presley Michael Paul was appointed as the Managing Director as from 28 July 2020. He is also a Director of the Board. The Managing Director is responsible for the implementation of policies and decisions reached at the Board level. As the head of the Management team, his functions encompass the appropriate management and monitoring of the day-to-day business affairs of the Company. The Managing Director serves also as the liaison officer between the Board of Directors and Management.

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 1: Governance Structure (Contd)

CHCL Organisational Chart as at 30 June 2022

The organisation structure of the Cargo Handling Corporation Ltd stands as follows:

Each department is managed by a manager/responsible officer with clear responsibilities, reporting lines and duties as approved by the Board of Directors.

Principle 2: The Structure of the Board and its Committees

The CHCL Board is a unitary one consisting of 12 directors at present (one vacant post). The Board will be working on its Charter together with defining the frequency of assessment thereof.

The Board has only three woman as Board Director and all members of the Board of the CHCL are ordinarily resident in Mauritius. The size and composition of the Board are determined by the CHCL's Memorandum and Articles of Association, i.e. 13 directors including 3 directors, appointed by the Minister responsible for Ports, representing employees of the CHCL. The 3 directors are appointed following secret ballot among the CHCL employees held every two years. The other 10 directors are as hereunder:

- One director representing the Prime Minister's Office (PMO);
- One director representing the Parent Ministry (PMO);
- One director representing the Ministry of Finance and Economic Development;
- Two directors representing the Mauritius Ports Authority (MPA);
- One director representing the State Investment Corporation (SIC);
- One director representing the Ministry of Shipping;
- One director appointed to represent consumer interests (currently vacant);
- One director appointed by the PMO as Chairman; and
- The Managing Director of the CHCL.

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 2: The Structure of the Board and its Committees (Contd)

Role of the Board

The Board of Directors (the “Board”) of CHCL is normally constituted of 13 directors: mainly from various Ministries and Government organisations.

As at 30 June 2022, two posts of directors are vacant and CHCL is controlled by a Board comprising of 11 directors including the Chairman and the Managing Director. The Chairman has no executive functions. The Board is the focal point of the corporate governance system and is ultimately accountable and responsible for the performance and affairs of CHCL.

The Board normally meets once a month to establish policies and objectives and to consider significant matters, including investment projects, review of performance, monitoring of progress on key issues and to consider recommendations from both Management and Board Committees. The Board also oversees all statutory matters, including approval of audited financial statements, high value procurement, major maintenance contracts, significant capital expenditure and investment projects.

The Board and its Committees operate in an effective manner with the contribution of each and every Director and Member. The deliberations and regular presence of Directors/Members at meetings of Board and Committees have immensely contributed in the decision making process of the Company.

To enable the Board to take informed decisions, complete and timely information are provided to the Directors. Furthermore, the Board has access to consultants working on main assignments.

The roles, functions and responsibilities of the Chairman and the Chief Executive Officer (Managing Director) are separate.

Role and Functions of the Executive, Non-Executive and Independent Non-Executive Directors

The majority of the directors at CHCL Board hold non-executive functions. Non-executive directors are essential for providing independent judgement in all circumstances. All directors ensure that they have adequate time to diligently carry out their responsibilities and duties to the Company. CHCL directors are diligent in discharging their duties and obligations to the Company, regularly attend meetings and have knowledge of the business of the Company so that they can meaningfully contribute to its direction.

Presently, there is only one executive director on the Board instead of two as recommended by the Code. In the light of the present structure of the Board (13 directors), the appointment of another director is deemed not urgent considering that the Deputy Managing Director attended the CHCL Board as an observer.

There is no independent director on the CHCL Board. The decision to review the composition of the Board rests on the Government of Mauritius as the major shareholder.

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 2: The Structure of the Board and its Committees (Contd)

Role and Functions of the Company Secretary

The Company Secretary ensures that CHCL complies with its Constitution and all relevant statutory and regulatory requirements, codes of conduct and rules established by the Board. The Company Secretary also provides guidance and advice to the Board on matters of ethics and good governance.

After the promotion of the previous Administrative Manager, Mr. Cheranjivsing Ramlackhan was assigned duties of the Administrative Manager and as such, also the duties of the Company Secretary for the Board and Secretary for Board Committees. He was appointed to the post of Administrative Manager as from 04 January 2021.

During the absence of Mr. C. Ramlackhan, the Deputy Managing Director, Mr. C. René was acting as the Administrative Manager for the financial year ended 30 June 2022. Presently, Mr. S. Paddia is acting as the Secretary of the Board and Sub-Committees.

Board Committees

To allow detailed consideration of specific and complex issues, the Board has four standing committees to assist in the execution of its duties by making well-considered recommendations. The Board Committees operate according to their approved terms of reference.

The delegation of the authority to Board Committees or Management does not in any way discharge the Board from its duties and responsibilities. The ultimate accountability and responsibility for the performance and affairs of the Company rest with the Board of Directors.

The recommendations of the Board Committees are forwarded in the next meeting of the Board. Minutes and reports of the Committees are made available in the Board disclosing the deliberations of Board Committees. The final approval rests with the Board.

CHCL Board Committees comprise of members of the Board. The Secretary of the Board also acts as the Secretary of the Board Committees.

The terms of reference of each committee are reassessed by the Board as and when required.

A broad description, including the memberships, of the Board Committees is provided hereunder:

Staff Committee

The Staff Committee considers all matters relating to staff of the Company.

The composition of this Committee for the year under review was as follows:

Chairperson: Mr. K. Balgobin (up to 21 July 2021)
Mr. A K Jhoerreea (as from 21 July 2021)

Members: Mr. P. Paul
Mr. S. Suntah (up to 11 February 2022)
Mrs. A Bunwaree Ramsaha (as from 11 February 2022)
Mr. O. K. Dabidin (up to 03 August 2021)
Mr. K. Balgobin (03 August 2021 to 20 September 2021)

Secretary: Mr. C. René / Mr. C. Ramlackhan

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 2: The Structure of the Board and its Committees (Contd)

Staff Committee (Contd)

The Staff Committee has the following Terms of Reference:

To consider matters pertaining to the:-

- i. Creation of posts (including the Scheme of Service);
- ii. (a) Recruitment, (b) Selection and (c) Promotion of employees and make appropriate recommendations to the Board; and
- iii. The Committee may also be called upon to consider other issues pertaining to Human Resource Management and make recommendations to the Board.

The Staff Committee may solicit the cooperation of specialists in the relevant fields to guide and advise members of the Committee as and when required.

Finance Committee

The Finance Committee makes recommendations to the Board on various financial matters including procurement, capital expenditure and investment.

Membership of the Finance Committee during the year ended 30 June 2022 was:

Chairperson: Mr. K. Balgobin (up to 21 July 2021)
Mr. A K Jhoerreea (from 21 July 2021)

Members: Mr. P. Paul
Mr. S. Suntah (up to 11 February 2022)
Mrs. A Bunwaree Ramsaha (as from 11 February 2022)
Mr. O. K. Dabidin (up to 03 August 2021)
Mr. K. Balgobin (03 August 2021 to 20 September 2021)
Mr. C. J. Babylone

Secretary: Mr. C. René / Mr. C. Ramlackhan

The Terms of Reference of the Committee are provided hereunder:

The members of the Finance Committee may be called upon to:-

- i. Analyse all tenders pertaining to purchases amounting to more than Rs 1 million for selection, while ensuring that all tender procedures have been followed from the start of the exercise till the supply of the goods or services;
- ii. Monitor tariffs levels for any adjustment;
- iii. Consider the budget;
- iv. Consider the audited financial statements and Directors' Report;
- v. Consider any financial issue brought to their attention by Management; and
- vi. Make appropriate recommendations to the Board.

Audit Committee

The Audit Committee recommends the Board on matters relating to internal and external audits as well as the effectiveness of the internal control system.

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 2: The Structure of the Board and its Committees (Contd)

Audit Committee (Contd)

The Audit Committee was constituted as follows during the year under review:

Chairperson: Mrs. V. Pareatumbie

Members: Mr. D. Cally
Mr. S. Goburdhone

Secretary: Mr. C. René / Mr. C. Ramlackhan

The Terms of Reference of this Committee are detailed below:

- (i) Review of the audited financial statements;
- (ii) Considering appointment, remuneration and resignation or dismissal of external auditors;
- (iii) Discussing and agreeing on the scope, nature and any limitations of the audit exercise;
- (iv) Discussing with external auditors;
- (v) Reviewing reports from the Internal Audit;
- (vi) Reviewing the control environment of the entity;
- (vii) Ensure coordination between internal and external audits;
- (viii) Reviewing plans for new developments; and
- (ix) Reviewing reports on major defalcations, frauds or thefts from the Company.

The Audit Committee also considers issues relating to risk management of the Company.

Currently, the Audit Committee is chaired by a non-independent director and the other members have also the same status since no independent directors are present on CHCL's Board due to its constitution as decided by the Government of Mauritius, the major shareholder.

Corporate Governance Committee

The Board was responsible for Corporate Governance matters and has delegated Management to report on Corporate Governance for the year under review.

The Board has approved the setting up of a Corporate Governance Committee in October 2018 and thereafter, the composition and membership was decided. During the year ended 30 June 2022, no Corporate Governance Committee was held since all decision pertaining to corporate governance was taken by the board.

Remuneration Committee

The responsibility for remuneration of the executive director and fees for non-executive directors rests with the Board. Remuneration for senior management staff and other employees is recommended by the Staff Committee following negotiation by the Management with the Unions periodically.

Board Risk Committee

The Company does not have a Board Risk Committee. The Audit Committee considers issues relating to risk management of the Company.

Nomination Committee

Directors and senior executive nominations are approved by the Board. No separate Nomination Committee is constituted at the Company.

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 2: The Structure of the Board and its Committees (Contd)

Directors' profile

Mr. Gopala Krishnan PERMALL – Chairman *(up to 20 September 2021)* **Non-Executive Director**

Mr. G. K. Permall was appointed as Chairman of the Company on 27 July 2020. Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 3: Director Appointment Procedures

Directors are appointed by the Parent Ministry, Ministry responsible for Ports, other Ministries and shareholders as per the Memorandum and Articles of Association.

The three directors representing the employees are elected by employees by select ballot every two years. These representatives of employees are appointed as directors after approval of the Parent Ministry.

The Board of CHCL assumes the responsibilities for succession planning of senior management. For the Board, the nominations rest with the concerned ministries or organisations.

A succession plan has not been developed for the moment. No formal induction and orientation programme exist at CHCL for new directors. The Chairperson, the Managing Director and the Secretary of the Board are readily available to provide necessary information on the CHCL and its activities to newly appointed directors as and when required. Professional development and ongoing education of directors are being contemplated by the Board for financial year 2022/2023.

Presently, there is no re-election of other directors. Change of directors occurs only in case of demise, retirement, resignation or transfer from Ministries / organisations concerned.

Biographies of directors are available at Principle 2: The Structure of the Board and its Committees.

Principle 4: Director Duties, Remuneration and Performance

All Directors, including the alternate Directors, are fully apprised of their fiduciary duties as laid out in the Mauritius Companies Act 2001.

The Board does not have a Code of Ethics but the same will be devised. Thereafter, the Board will regularly monitor and evaluate compliance with its Code of Ethics.

The Company Secretary maintains a register of interests which is available to shareholders upon written request to the Company Secretary.

Conflicts of Interest

Directors at CHCL ensure that their personal interests, or those of persons closely related to them, do not take precedence over the interests of the CHCL. In cases of possible conflict of interest, timely disclosures are made by directors and the concerned directors do not take part in the related discussions and decisions.

Currently, the Board does not have a formalised conflicts-of-interest and related-party transactions policy and a Code of Ethics. As at 30 June 2022, these policies were still not yet finalised.

Related Party Transactions

Details of related party transactions are shown in Note 30 of these financial statements.

The Board will also consider the creation of the following policies in the financial year 2022/2023:

- Information policy
- Information technology policy
- Information security policy

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 4: Director Duties, Remuneration and Performance (Contd)

Information technology and security policy

Significant expenditures on information technology are recommended by the Management after identifying the needs. Thereafter, the approval of the Board is sought and the Board is kept informed on the progress and implementation of the investment.

The Board, through the Corporate Governance Committee, is presently responsible for the governance processes at the CHCL.

Board and Director appraisal

The Board or its committees were not evaluated for the year under review since there is not a defined policy yet for appraisal. A policy will be put in place in financial year 2022-2023.

No evaluation of the effectiveness of the Board, its committees and its individual directors have been conducted during the year under review.

The Board has approved the composition of the Corporate Governance Committee to oversee the compliance with the Code. During the year ended 30 June 2022, no Corporate Governance Committee was held since all decisions pertaining to corporate governance was taken by the Board.

Dealing in shares

The Directors do not hold any shares in the Company nor do they have any dealings in those shares.

Director selection, training and development

No formal training and development program existed at the Company for the year ended 30 June 2022. An induction pack for new Directors will be initiated and is expected to be completed in financial year 2022-2023. The induction pack will incorporate the activities of CHCL, role of Directors on the Board, their fiduciary duties, conflict of interest in respect of any decision taken by the Board.

Statement of remuneration philosophy

The remuneration of Directors is approved by the Shareholders following recommendations from the Parent Ministry. The salaries of the Managing Director and of his deputy, who are employees of the Company, are approved by the Board upon recommendation of the Parent Ministry.

Directors are paid monthly director fees for Board Meetings as well as for attendance for meetings of Committees. These fees are approved by the Board after recommendation of the Parent Ministry and have not been changed for the financial year 2021/2022.

Only the Chairperson, the Managing Director and the Deputy Managing Director are paid a salary as approved by the Board.

Share option plan

CHCL did not have any share option plan for the year ended 30 June 2022.

The CHCL does not have long-term incentive plans and the non-executive directors have not received remuneration in the form of share options or bonuses associated with the organisational performance.

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 5: Risk Governance and Internal Control

Risk management

Management, under the guidance of the Board and the Audit Committee, is taking all necessary actions to identify and manage all risks affecting the business of the Company and to establish a comprehensive risk management framework. The various risks affecting the Company include operational risk, compliance risk, financial risk, technology risk, human resources risk and physical risk.

Some of the measures in place to manage risks of the Company include: adequate insurance covers, maintenance contracts for major terminal equipment and for IT software and hardware, keeping stocks of critical spares, data control and backups, annual delivery of protective equipment to employees, and continuous and constructive communication/meetings with all Unions.

The risk assessment report for the CHCL is updated every two years and the current one was finalised in year 2021.

A Health and Safety Committee, comprising of CHCL officers and members of Unions, met regularly to monitor health and safety issues and risk assessment in the workplace. The Committee is chaired by the Human Resource Manager.

Financial risk management is reported in Note 5 of these Financial Statements.

Internal control

The Standard Accounting Manual of CHCL outlines the accounting and internal control systems and processes. The Board, through the Audit Committee, monitors the systems and processes of internal control operating in the Company. The Internal Audit function provides assurance about the effectiveness of the internal control systems through various observations and recommendations. Management and Heads of Department ensure the functioning of internal control procedures applicable in their areas of responsibility. Internal controls are applied to all significant enterprise areas. No material problems existed which are deemed to be disclosed in the annual report or financial statements.

The CHCL appointed a consulting accounting firm to update the accounting manual. The CHCL Accounting Manual was approved by the Board in October 2022.

Formal whistle-blowing rules and procedures are currently not in place at CHCL.

Principle 6: Reporting with Integrity

Social, ethical, safety, health and environmental issues

CHCL has always made donations to non-profit organisations as part of its social policy. These include social organisations located in the vicinity of the port. Towards its social responsibility, CHCL also sponsors employees in sports activities, grant scholarships to wards of employees attending secondary as well as tertiary institutions and provides medical facilities to employees at the Medical Inspection Room of the Company.

CHCL has also a Health and Safety Committee – comprising members of the CHCL Management and concerned officers as well as representatives of the Unions – already functioning with a well-defined agenda.

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 6: Reporting with Integrity (Contd)

CHCL provides canteen facilities to its employees where a balanced meal is sold at subsidised rate. The canteen is presently closed until the selection of new caterer. In the meantime, employees are being paid a monthly canteen allowance based on attendance.

Employees are expected to demonstrate a high standard of ethics in their conduct of the Company's affairs. The Company has published Code of Ethics and Conduct for employees in the CHCL Employee Manual.

The Company has undertaken steps for the preservation of the environment, viz. proper disposal of used oils and tyres, retreading of tyres, printing/photocopying on both sides of the paper and printing only when needed.

Donations

Donations effected by the Company during the financial year under review amounted to Rs 52,258 (2021: Rs 211,500).

The Company did not make any political donations during the financial year.

Donations are also given to socio-cultural organisations as part of the social policy of the Company.

Calendar of important events

December	Approval of Financial Statements
December	Annual Meeting of Shareholders
December	Annual Returns to Registrar of Companies

Website

Management will ensure that adequate disclosures are made on the CHCL's website.

Principle 7: Audit

Internal Audit

The CHCL is geared with an internal audit function headed by an Internal Audit Manager who reports to the Audit Committee on a quarterly basis.

The audit areas are according to the annual approved audit plan and as per assignments for special audits from the Board / Audit Committee.

The internal audit function maintains its independence and objectivity through direct reporting to the Audit Committee. The Internal Audit Manager reports administratively only to the Managing Director.

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 7: Audit (Contd)

The Internal Audit Manager has regular access to the Chairperson of the Board and the Chairperson of the Audit Committee. She attends quarterly meetings with the Audit Committee and more frequently when the need arises.

The approved Internal Audit Charter details the right of access of Internal Audit to the records of the Company, the Management of the Company and the employees of the CHCL.

The Internal Audit Department is managed by the Internal Audit Manager who is assisted by the Assistant Internal Audit Manager. They are both fellow members of the Association of the Chartered Certified Accountants (ACCA).

The structure, organisation and qualifications of key members of the internal audit functions are presently not listed on the CHCL's website.

Audit Committee

The members of the Audit Committee are considered to be financially literate. The annual report is reviewed by this Committee before being recommended for approval by the Board. Significant issues in relation to the financial statements are discussed with the External Auditors and Management in the meeting considering the annual report.

External Auditors

Appointment of the external auditors is recommended by the Audit Committee after a bidding exercise. The reappointment is also discussed in the Annual General Meeting upon approval of the annual report.

The Audit Committee can discuss accounting principles with the external auditors and can meet with the external auditors without Management presence. This committee can also assess the effectiveness of the external audit process and can make any recommendations thereon.

The Audit Committee or the Board discusses critical policies, judgements and estimates with the external auditors. The latter are also invited to make presentations when needed.

Disclosures on CHCL's Website

The following disclosures are currently not found on CHCL's website:

- Board and committee charters
- Code of Ethics
- Dividend policy and declarations
- Financial highlights
- Governance structure
- Notice of Annual Meeting of Shareholders/Special Meeting of Shareholders

Management will ensure that the above information are posted on the website along with other disclosures.

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 8: Relations with Shareholders and Other Key Stakeholders

Shareholders' agreements/third party management agreements

There were no such agreements during the year under review.

Communication and disclosure

Current shareholders of CHCL are represented on the Board of Directors and as such, are aware of all matters of material interests.

Share price information

For the year under review, the Company has an issued share capital of Rs 1,126,330,000 representing 11,263,300 ordinary shares at the price of Rs 100 each.

Shareholding structure & Shareholders

The shareholding structure of the Company and the list of shareholders in the Company as at 30 June 2022 are as follows:-

Shareholders	30 June 2022
Government of Mauritius	84.0%
Mauritius Ports Authority (MPA)	13.6%
State Investment Corporation Limited (SIC)	2.4%
Total	100.0%

Cargo Handling Corporation Limited

Corporate governance report (Contd)

Principle 8: Relations with Shareholders and Other Key Stakeholders (Contd)

Dividend policy

Cargo Handling Corporation Limited has no formal dividend policy. No dividend has been paid over the last five years.

Key stakeholders

CHCL key stakeholders include its shareholders, directors, employees, trade unions, the Parent Ministry, customers, suppliers, shipping agents and other port users.

Meetings are held with key stakeholders on a regular basis or as and when required to discuss relevant issues as well as organisational performance and outlook.

CHCL will hold an Annual General Meeting after the approval of the annual report. The proceedings of the Annual General Meeting are as per applicable laws, the Mauritius Companies Act 2001.

Cargo Handling Corporation Limited

Non-compliance with the National Code of Corporate Governance for Mauritius 2016

Principle 1: Governance Structure

- (i) The functioning of the CHCL Board is governed by its constitution. The Board has not yet approved a Code of Ethics.
- (ii) For the time being, the following disclosures are not available on CHCL's website:
 - The Company's constitution;
 - The Board's Charter;
 - The Company's Code of Ethics;
 - Appropriate job descriptions of the key senior governance positions;
 - An organisational chart; and
 - A statement of major accountabilities within the organisation.

CHCL is working towards disclosing the above information as well as describing the approval, monitoring and review process (including frequency) of these documents.

Principle 2: The Structure of the Board and its Committees

(i) Frequency of board charter reassessment

No formal board charter exists for the time being.

(ii) Board Composition

Executive Directors and Independent Directors

Presently, there is only one executive director on the Board instead of two as recommended by the Code. In the light of the present structure of the Board (13 directors), the appointment of another director is deemed not urgent considering that the Deputy Managing Director may attend the CHCL Board as an observer.

There is no independent director on the CHCL Board. The decision to review the composition of the Board rests on the Government of Mauritius as the major shareholder.

(iii) Board Sub Committee

Audit Committee

The chairperson of the Audit Committee should be an independent non-executive director and the majority of the members should be independent. For the time being, the Audit Committee is chaired by a Non-Executive Director.

Cargo Handling Corporation Limited

Non-compliance with the National Code of Corporate Governance for Mauritius 2016 (Contd)

Principle 3: Director Appointment Procedures

(i) Succession Plan and Induction

A succession plan is the responsibility of the Board and the same has not been developed for the moment. No formal induction and orientation programme exist at the CHCL for new directors. The Chairperson, the Managing Director and the Secretary of the Board are readily available to provide necessary information on the CHCL and its activities to newly appointed directors as and when required. Professional development and ongoing education of directors are being contemplated by the Board for financial year 2022/2023.

Presently, there is no re-election of Directors. Change of directors occurs only in case of demise, retirement, resignation or transfer from Ministries / organisations concerned.

Principle 4: Director Duties, Remuneration and Performance

(i) Currently, the Board does not have a formalised conflicts-of-interest and related-party transactions policy and a Code of Ethics. Such policies are being catered for.

(ii) The Board will also consider the creation of the following policies in the financial year 2022/2023:

- Information policy
- Information technology policy
- Information security policy

(iii) Board and Director appraisal

The Board or its Committees were not evaluated for the year under review since there is not a defined policy yet for appraisal. A policy is contemplated in financial year 2022-2023.

No evaluation of the effectiveness of the Board, its committees and its individual directors have been conducted during the year under review.

(iv) Director selection, training and development

No formal training and development program existed at the Company for the year ended 30 June 2022. An induction pack for new Directors will be initiated and is expected to be completed in financial year 2022-2023. The induction pack will incorporate the activities of CHCL, role of Directors on the Board, their fiduciary duties, conflict of interest in respect of any decision taken by the Board.

Principle 5: Risk Governance and Internal Control

(i) No formal whistle-blowing rules and procedures are in place in the Company.

Principle 6: Reporting with Integrity

(i) Website

Management will ensure that applicable disclosures are published in full on the CHCL's website. The annual reports are already available on the website.

Cargo Handling Corporation Limited**Certificate from the Secretary under Section 166 (d) of the Mauritius Companies Act 2001**

I hereby certify, to the best of my knowledge and belief, that the Company has filed with the Registrar of Companies all such returns as are required of the Company under the Mauritius Companies Act 2001 in terms of Section 166 (d) during the financial year ended 30 June 2022.

Independent auditors' report To the members of Cargo Handling Corporation Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Cargo Handling Corporation Limited, the "Company", which comprise the statement of financial position as at 30 June 2022, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements on pages 38 to 97 give a true and fair view of the financial position of the Company as at 30 June 2022 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards and the requirements of the Mauritius Companies Act 2001 and the Financial Reporting Act 2004.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants* (including International Independence Standards) (the "IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditors' Report Thereon ("Other Information")

Management is responsible for the Other Information. The Other Information comprises mainly of information included under the Corporate Information and Corporate Governance Report sections but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the Other Information and, except to the extent otherwise explicitly stated in our auditors' report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Independent auditors' report (Contd) **To the members of Cargo Handling Corporation Limited**

Report on the Audit of the Financial Statements (Contd)

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with International Financial Reporting Standards and the requirements of the Mauritius Companies Act 2001 and the Financial Reporting Act 2004, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Independent auditors' report (Contd) **To the members of Cargo Handling Corporation Limited**

Report on the Audit of the Financial Statements (Contd)

Auditors' Responsibilities for the Audit of the Financial Statements (Contd)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Mauritius Companies Act 2001

In accordance with the requirements of the Mauritius Companies Act 2001, we report as follows:

- we have no relationship with, or any interests in, the Company and its subsidiary other than in our capacity as auditors;
- we have obtained all the information and explanations we have required; and
- in our opinion, proper accounting records have been kept by the Company as far as it appears from our examination of those records.

Independent auditors' report (Contd) **To the members of Cargo Handling Corporation Limited**

Report on Other Legal and Regulatory Requirements (Contd)

Financial Reporting Act 2004

Our responsibility under the Financial Reporting Act 2004 is to report on the compliance with the Code of Corporate Governance ("the Code") disclosed in the Corporate Governance Report and assess the explanations given for non-compliance with any requirement of the Code. From our assessment of the disclosures made on corporate governance in the Corporate Governance Report, the Company has, pursuant to Section 75 of the Financial Reporting Act 2004, complied with the requirements of the Code.

Other Matter

Our report is made solely to the members of the Company as a body in accordance with Section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinion we have formed.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

1. General information and statement of compliance with International Financial Reporting Standards ("IFRS")

The financial statements of Cargo Handling Corporation Limited, the "Company", for the year ended 30 June 2022 were approved and authorised for issue by the Board of Directors on 21 December 2022.

The Company was incorporated in the Republic of Mauritius on 02 September 1983 as a private company with liability limited by shares. The Company's registered office is CHCL Building, Mer Rouge, Port Louis, Republic of Mauritius.

The principal activities of the Company are as follows:

- providing handling services for containers and general cargo by providing labour and equipment;
- providing for the storage of all general cargo including containers passing through Port Louis Harbour; and;
- providing ancillary services namely monitoring of reefer containers, transfer of containers and leasing of equipment.

The financial statements are presented in Mauritian Rupee ("MUR" or "Rs").

The Company's financial statements have been prepared in accordance with IFRS as issued by the International Accounting Standards Board ("IASB").

2. Adoption of new and amended IFRS

2.1 New and amended Standards that are effective for the current year

In the current year, the following revised standards issued by IASB became mandatory for the first time for the financial year beginning on 01 July 2021:

IFRS 16, COVID-19-Related Rent Concessions (Amendment to IFRS 16)

The pronouncement amended IFRS 16 Leases to provide lessees with an exemption from assessing whether a COVID-19-related rent concession is a lease modification. On issuance, the practical expedient was limited to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2021.

Various, Interest Rate Benchmark Reform Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16)

These amendments address issues that might affect financial reporting after the reform of an interest rate benchmark, including its replacement with alternative benchmark rates. The changes relate to the modification of financial assets, financial liabilities and lease liabilities, specific hedge accounting requirements, and disclosure requirements applying IFRS 7 to accompany the amendments regarding modifications and hedge accounting.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

2. Adoption of new and amended IFRS (Contd)

2.2 Standards, amendments and Interpretations to existing Standards that are not yet effective and have not been adopted early by the Company

At the date of authorisation of these financial statements, certain new Standards and amendments to existing Standards have been published but are not yet effective and have not been adopted early by the Company.

Management anticipates that all of the relevant pronouncements, as relevant to the Company's activities, will be adopted in the Company's accounting policies for the first period beginning after the effective date of the pronouncements. Information on the new Standards and amendments to existing Standards is provided below.

IFRS 3, References to the Conceptual Framework (Amendments to IFRS 3)

The changes update IFRS 3 so that it refers to the 2018 Conceptual Framework instead of the 1989 Framework; add to IFRS 3 a requirement that, for transactions and other events within the scope of IAS 37 or IFRIC 21, an acquirer applies IAS 37 or IFRIC 21 (instead of the Conceptual Framework) to identify the liabilities it has assumed in a business combination; and add to IFRS 3 an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.

IAS 16, Proceeds before Intended Use (Amendments to IAS 16)

Amendments were made to the standard to prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the cost of producing those items, in profit or loss.

IAS 37, Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37)

The amendments were brought to clarify that for the purpose of assessing whether a contract is onerous, the cost of fulfilling the contract includes both the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

IFRS 1, IFRS 9, IFRS 16 and IAS 41, Annual Improvements to IFRS Standards 2018-2020 Cycle (Amendments to IFRS 1, IFRS 9, IFRS 16, IAS 41)

The objective of the annual improvements is to enhance the quality of standards, by amending existing IFRSs to clarify guidance and wording, or to correct for relatively minor unintended consequences, conflicts or oversights. Amendments are made through the annual improvements process when the amendment is considered non-urgent but necessary. The IASB issued Annual Improvements to IFRS Standards 2018-2020 containing the following amendments to IFRSs:

- IFRS 1, First-time Adoption of International Financial Reporting Standards - Subsidiary as a first-time adopter. The amendment permits a subsidiary that applies paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported by its parent, based on the parent's date of transition to IFRSs.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

2. Adoption of new and amended IFRS (Contd)

2.2 Standards, amendments and Interpretations to existing Standards that are not yet effective and have not been adopted early by the Company (Contd)

IFRS 1, IFRS 9, IFRS 16 and IAS 41, Annual Improvements to IFRS Standards 2018-2020 Cycle (Amendments to IFRS 1, IFRS 9, IFRS 16, IAS 41) (Contd)

- IFRS 9, Financial Instruments - The amendment clarifies which fees an entity includes when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.
- IFRS 16, Leases - Lease incentives. The amendment to Illustrative Example 13 accompanying IFRS 16 removes from the example the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example.
- IAS 41, Agriculture - Taxation in fair value measurements. The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique. This will ensure consistency with the requirements in IFRS 13.

IFRS 17, Insurance Contracts

IFRS 17 requires insurance liabilities to be measured at a current fulfilment value and provides a more uniform measurement and presentation approach for all insurance contracts. These requirements are designed to achieve the goal of a consistent, principle-based accounting for insurance contracts. IFRS 17 supersedes IFRS 4, Insurance Contracts as of 01 January 2021.

IFRS 4, Extension of the Temporary Exemption from Applying IFRS 9 (Amendments to IFRS 4)

The amendments change the fixed expiry date for the temporary exemption in IFRS 4 Insurance Contracts from applying IFRS 9, Financial Instruments, so that entities will be required to apply IFRS 9 for annual periods beginning on or after 01 January 2023 (instead of 01 January 2021).

IFRS 17, Initial Application of IFRS 17 and IFRS 9 – Comparative Information (Amendments to IFRS 17)

The amendment is a transition option relating to comparative information about financial assets presented on initial application of IFRS 17. The amendment is aimed at helping entities to avoid temporary accounting mismatches between financial assets and insurance contract liabilities, and therefore improve the usefulness of comparative information for users of financial statements.

IAS 1, Classification of Liabilities as Current or Non-Current (Amendments to IAS 1)

The amendments in classification as liabilities as current or non-current affect only the presentation of liabilities in the statement of financial position – not the amount or timing of recognition of any asset, liability, income or expense, or the information that entities disclose about those items. They:

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

2. Adoption of new and amended IFRS (Contd)

2.2 Standards, amendments and Interpretations to existing Standards that are not yet effective and have not been adopted early by the Company (Contd)

IAS 1, Classification of Liabilities as Current or Non-Current (Amendments to IAS 1) (Contd)

- clarify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the “right” to defer settlement by at least twelve months and make explicit that only rights in place “at the end of the reporting period” should affect the classification of a liability;
- clarify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability; and
- make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

IAS 12, Deferred Tax Related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12)

In May 2021 the Board issued Deferred Tax related to Assets and Liabilities arising from a Single Transaction. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences.

The amendments were issued in response to a recommendation from the IFRS Interpretations Committee. Research conducted by the Committee indicated that views differed on whether the recognition exemption applied to transactions, such as leases, that lead to the recognition of an asset and liability. These differing views resulted in entities accounting for deferred tax on such transactions in different ways, reducing comparability between their financial statements. The Board expects that the amendments will reduce diversity in the reporting and align the accounting for deferred tax on such transactions with the general principle in IAS 12 of recognising deferred tax for temporary differences.

Management has yet to assess the impact of the above new standards and amendments to existing Standards on the Company’s financial statements.

3. Summary of accounting policies

3.1 Overall considerations

The financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

3.2 Foreign currencies translation

Functional and presentation currency

The financial statements are presented in Mauritian Rupees (“MUR” or “Rs”), which is the Company’s functional and presentation currency.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.2 Foreign currencies translation (Contd)

Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot exchange rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot exchange rates at the reporting date.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the remeasurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in the statement of comprehensive income.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of gain or loss on change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in other comprehensive income or profit or loss are also recognised in other comprehensive income or profit or loss, respectively).

3.3 Property, plant and equipment

Property, plant and equipment apart from plant and cargo handling equipment, are recognised at cost, less accumulated depreciation and impairment losses.

Plant and cargo handling equipment are measured at fair value less accumulated depreciation and impairment losses. Valuations are performed frequently enough by external professional valuers so that the fair value of the plant and cargo handling equipment does not differ materially from its carrying amount.

Any revaluation surplus is recognised in other comprehensive income and is credited to the revaluation reserve included in the equity section of the statement of financial position, except to the extent that it reverses a revaluation decrease or impairment loss of the same asset previously recognised in statement of comprehensive income, in which case the increase is recognised in statement of comprehensive income. A revaluation deficit is recognised in the statement of comprehensive income, except to the extent that it offsets an existing surplus on the same asset recognised in the revaluation reserve.

Accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. Upon disposal, any revaluation reserve relating to the particular asset being sold is transferred to retained earnings.

Depreciation is calculated on the straight-line method to write down the cost of each asset or the revalued amount to its residual value over its estimated useful life. Residual value is the estimated amount that the Company would currently obtain from disposal of the asset after deducting the estimated cost of disposal and if the asset was already of the age and in the condition expected at the end of its useful life.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.3 Property, plant and equipment (Contd)

The depreciation rates of property, plant and equipment are as follows:

Building on leasehold property	: 4%
Motor vehicles and autocycles	: 20%
Plant and cargo handling equipment	: 5% to 33%
Furniture and equipment	: 4%, 10%, 20% and 33%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of comprehensive income in the year the asset is derecognised.

The asset's residual values, useful lives and methods of depreciation are reviewed, and adjusted if appropriate, at each reporting date. Repairs and maintenance costs are expensed as incurred.

3.4 Intangible assets

Concession rights

The annual fees payable to the Mauritius Ports Authority are considered as a deferred payment for the right to charge the public for the Company's services. The initial cost of this right, referred hereafter as concession right, is determined by reference to the present value of all the annual fees payable over the lifetime of the concession contract.

The concession right is amortised on a straight-line basis over the lifetime of the concession contract which is 25 years and is assessed for impairment whenever there is an indication that the intangible asset may be impaired. Changes in the expected useful life and in the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortisation year or method, as appropriate, and treated as changes in accounting estimates. The amortisation expense is recognised in the statement of comprehensive income as the expense category that is consistent with the function of the intangible asset.

Computer software

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation year and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation year or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of comprehensive income as the expense category that is consistent with the function of the intangible assets.

Computer software has been assessed as having a finite useful life which has been estimated between 3 to 10 years.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.4 Intangible assets (Contd)

Computer software (Contd)

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of comprehensive income when the asset is derecognised.

3.5 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs to sell and its value-in-use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a year of five years. For longer years, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of comprehensive income in expense categories consistent with the function of the impaired asset, except for a property previously revalued when the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

3.6 Financial instruments

Recognition and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.6 Financial instruments (Contd)

Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with IFRS 15, all financial assets are initially measured at fair value adjusted for transaction costs, where appropriate.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost;
- fair value through profit or loss (FVTPL); and
- fair value through other comprehensive income (FVOCI).

In the current year, the Company does not have any financial assets categorised as FVTPL.

Subsequent measurement of financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost using the effective interest rate if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, loans and grants receivable, short term financial assets and trade and other receivables fall into this category of financial instruments.

Financial assets at fair value through other comprehensive income ("FVOCI")

The Company accounts for financial assets at FVOCI if the assets meet the following conditions:

- they are held under a business model whose objective is "hold to collect" the associated cash flows and sell; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company's investments in quoted and unquoted securities fall into this category of financial instruments.

Any gains or losses recognised in other comprehensive income (OCI) will be recycled upon derecognition of the asset.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.6 Financial instruments (Contd)

Subsequent measurement of financial assets (Contd)

Impairment of financial assets

IFRS 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. This replaces IAS 39's 'incurred loss model'. For the Company, instruments within the scope of the new requirements include mainly trade and loans receivables.

Recognition of credit losses is no longer dependent on the Company's first identifying a credit loss event. Instead the Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- Financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ("Stage 1"); and
- Financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ("Stage 2").

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Trade and loans receivables

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

The Company makes use of a simplified approach in accounting for trade and loans receivables and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument. In calculating the expected credit losses, the Company uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

The Company assesses impairment of trade receivables on a collective basis as they possess shared credit risk characteristics and have been grouped based on the days past due.

The Company writes off a financial asset when there is information indicating that the debtor is in severe difficulty and there is no realistic prospect of recovery. Receivable or other financial assets written off are still subject to recovery procedures based on legal advices.

Classification and subsequent measurement of financial liabilities

The Company's financial liabilities include borrowings, concession rights payable, lease liability and trade and other payables.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.6 Financial instruments (Contd)

Classification and subsequent measurement of financial liabilities (Contd)

Financial liabilities are measured subsequently at amortised cost using the effective interest method.

All interest-related charges on financial liabilities are included within finance costs.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

3.7 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the first in, first out method. Net realisable value is the estimate of the selling price in the ordinary course of business, less any applicable selling expenses.

Where necessary, provision is made for obsolete and slow-moving inventories.

3.8 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments maturing within 90 days from date of acquisition, that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

All fixed deposits with initial maturity more than 3 months are recognised separately under 'trade and other receivables'.

3.9 Equity, reserves and dividend payments

Share capital represents the value of shares that have been issued.

Revaluation reserve within equity comprises gains and losses due to the revaluation of property, plant and equipment.

Fair value reserve comprises gains and losses on fair valuation of quoted financial assets at fair values through other comprehensive income.

Retirement benefit deficit comprises the actuarial losses from changes in demographic and financial assumptions and the return on plan assets.

Retained earnings include all current and prior years' results as disclosed in the statement of comprehensive income.

All transactions with owners of the Company are recorded separately within equity.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.10 Employee benefit liabilities

Defined benefit plan

The Company contributes to a defined benefit scheme with a pension fund for certain employees.

Under the Company's defined benefit plans, the amount of pension benefit that an employee will receive on retirement is defined by reference to length of service and final salary. The legal obligation for any benefits remains with the Company, even if plan assets for funding the defined benefit plan have been set aside. Plan assets may include assets specifically designated to a long-term benefit fund as well as qualifying insurance policies.

The liability recognised in the statement of financial position for defined benefit plans is the present value of the defined benefit obligation (DBO) at the reporting date less the fair value of plan assets.

Management estimates the DBO annually with the assistance of independent actuaries. The estimate of the post-retirement benefit obligations is based on standard rates of inflation, future salary increase, future guaranteed pension increase and post retirement mortality rates. Discount factors are determined close to each year-end by reference to high quality corporate bonds that are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating to the terms of the related pension liability.

Service costs and net interest expense on the net defined benefit liability are included in employee benefits expense.

Gains and losses resulting from remeasurement of the net defined benefit liability are included in other comprehensive income and recorded in retirement benefit deficit within equity.

Social plan

The Company has implemented a social plan in June 1997 for its employees who were made redundant as from June 1997 up to 31 December 2009. The social plan was transferred to an insurance company on 31 December 2009 which the latter thereon manages. The social plan operates in the same manner as the defined benefit plan.

Defined contribution plans

The Company also has defined contribution plans.

A defined contribution plan is a pension plan under which the Company pays fixed contributions into an independent entity. The Company has no legal or constructive obligations to pay further contributions after its payment of the fixed contribution. Contributions to this plan are recognised as an expense in the year that relevant employee services are received.

Severance allowance

The Company compensates employees at retirement under the Employment Rights Act 2008 (as amended), which is similar to an unfunded defined benefit pension plan. Severance allowance is payable on retirement of employees who joined the Company prior to 1983 and up to October 1987. Severance allowance is not paid to employees eligible to a full pension at normal retirement.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.11 Taxation

Tax expense recognised in profit or loss comprises the sum of deferred tax, current tax and CSR (Corporate Social Responsibility Fund) not recognised in other comprehensive income or directly in equity.

Current income tax assets and/or liabilities comprise those obligations to, or claims from, the fiscal authority relating to the current or prior reporting years, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting year.

The Company is subject to CSR and the contribution is at the rate of 2% on the chargeable income of the preceding financial year. 75% of the CSR contribution is remitted to the Mauritius Revenue Authority and same can be reduced to 50% if prior written approval of the National CSR Foundation is obtained.

Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases.

Deferred tax assets and liabilities are calculated, without discounting, at tax rates that are expected to apply to their respective year of realisation, provided they are enacted or substantively enacted by the end of the reporting year.

Deferred tax assets are recognised to the extent that it is probable that they will be able to be utilised against future taxable income, based on the Company's forecast of future operating results which is adjusted for significant non-taxable income and expenses and specific limits to the use of any unused tax loss or credit. Deferred tax liabilities are always provided for in full.

Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in profit or loss, except where they relate to items that are recognised in other comprehensive income or directly in equity, in which case the related deferred tax is also recognised in other comprehensive income or equity, respectively.

3.12 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

When the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of comprehensive income net of any reimbursement.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.12 Provisions (Contd)

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessment of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense in the statement of comprehensive income.

3.13 Revenue

Revenue arises from the rendering of services. It is measured at the fair value of the consideration received or receivable, excluding discount and rebates. The Company assesses its revenue arrangement against specific criteria to determine if it is acting as principal or agent. The Company concluded that it is acting as principal in its arrangement.

To determine whether to recognise revenue, the Company ensures that the following 5 conditions are satisfied:

1. Identifying the contract with a customer.
2. Identifying the performance obligations.
3. Determining the transaction price.
4. Allocating the transaction price to the performance obligations.
5. Recognising revenue when/as performance obligation(s) are satisfied.

Revenue from operations

Revenue is recognised at point in time when the Company satisfies performance obligations by transferring the promised services to its customers.

Interest income

Interest income is recognised on the accrual basis using the effective interest method. Interest income is included in finance income in the statement of comprehensive income.

Dividend

Dividend income is recognised when the Company's right to receive the payment is established.

3.14 Operating expenses

Operating expenses are recognised in the statement of comprehensive income upon utilisation of the service or as incurred.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.15 Leased assets

The Company assesses whether a contract is or contains a lease at inception of the contract. A lease conveys the right to direct the use and obtain substantially all of the economic benefits of an identified asset for a period of time in exchange for consideration.

Measurement and recognition of leases as a lessee

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the statement of financial position. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date (net of any incentives received).

The Company depreciates the right-of-use asset on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The right of use asset is estimated to be for a period of 11 years. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments.

When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

3.16 Trade receivables

Trade receivables are amounts due from customers for services performed in the ordinary course of business and are classified as current assets if settlement is expected within one year.

Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method. Details of the Company's impairment policies are provided in Note 3.6 of these financial statements.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

3. Summary of accounting policies (Contd)

3.17 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial.

3.18 Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of comprehensive income over the year of the borrowings using the effective interest method. Discounting is omitted where the effect of discounting is immaterial.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the year of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the year in which they are incurred and reported in 'finance costs'.

3.19 Related parties

A related party is a person or company where that person or company has control or joint control of the reporting company; has significant influence over the reporting company; or is a member of the key management personnel of the reporting company or of a parent of the reporting company.

3.20 Comparatives

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

4. Significant management judgement in applying accounting policies and estimation uncertainty

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Significant management judgements

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions made by the management that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

4. Significant management judgement in applying accounting policies and estimation uncertainty (Contd)

Significant management judgements (Contd)

Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the Company's future taxable income against which the deductible temporary differences can be utilised.

Determination of functional currency

The determination of the functional currency of the Company is critical since recording of transactions and exchange differences arising therefrom are dependent on the functional currency selected. Management has considered those factors and has determined that the functional currency of the Company is the Mauritian rupee (MUR or Rs).

Lease term

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Defined benefit liability

The cost of retirement benefits is determined using actuarial valuations. The actuarial valuation is based on a number of critical underlying assumptions such as discount rates, expected rates of return on assets, future salary increases, mortality rates and future pension increases. Variation in these assumptions may significantly impact the defined benefit liability amount and the annual defined benefit expenses. These assumptions were developed by management with the assistance of independent actuarial appraisers. Discount factors were determined close to each year-end by reference to high quality corporate bonds that have terms to maturity approximating the terms of the related pension obligation. Other assumptions are based on management historical experience.

Useful lives and residual values of intangible assets and property, plant and equipment

Management reviews its estimate of the useful lives and residual value of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain software and IT equipment.

Impact of COVID-19

The COVID-19 pandemic has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

4. Significant management judgement in applying accounting policies and estimation uncertainty (Contd)

Estimation uncertainty (Contd)

Impact of COVID-19 (Contd)

The directors have therefore considered the potential adverse impact of the COVID-19 pandemic on the Company's business activities by making assumptions using the existing market conditions as well as forward looking estimates at the end of the reporting date. Estimation uncertainty relates to assumptions about future operating results.

Impact of Russia/Ukraine conflict

In February 2022, a military conflict arose between Russia and Ukraine, with the latter being supported by countries in the NATO alliance as well as others around the globe, including imposition of financial and trade sanctions against Russia. Although the length, impact and outcome of the ongoing military conflict in Ukraine is highly unpredictable, this conflict could lead to significant market and other disruptions, including significant volatility in commodity prices, supply of energy resources, instability in financial markets, supply chain interruptions, political and social instability, changes in consumer or purchaser preferences as well as increase in cyberattacks and espionage.

Going concern

The directors have made an assessment of the Company's ability to continue as a going concern taking into account all available information about the future including analysis of the possible impacts in relation to COVID-19 and the conflict in Ukraine, which is at least, but is not limited to, twelve months from the date of approval of these financial statements and confirm that it has not identified events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

Inventories

Management estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by market-driven changes that may reduce future selling prices.

Impairment of financial assets

The Company uses the guidance of IFRS 9 to determine the degree of impairment of its trade and loans receivables. Management considers a broader range of information when assessing credit risk and estimating the credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the receivables. These estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the allowance.

Fair value of financial instruments

Where the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be derived from an active model, they are determined using valuation techniques including the discounted cash flows model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. The judgements include consideration of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

4. Significant management judgement in applying accounting policies and estimation uncertainty (Contd)

Estimation uncertainty (Contd)

Impairment of assets

Property, plant and equipment and intangible assets are considered for impairment if there is a reason to believe that impairment may be necessary. Factors taken into consideration in reaching such a decision include the economic viability of the asset itself and where it is a component of a larger economic unit, the viability of that unit itself.

Future cash flows expected to be generated by the assets or cash-generating units are projected, taking into account market conditions and the expected useful lives of the assets. The present value of these cash flows, determined using an appropriate discount rate, is compared to the current net asset value added and, if lower, the assets are impaired to the present value.

Limitation of sensitivity analysis

Sensitivity analysis in respect of market risk demonstrates the effect of a change in a key assumption while other assumptions remain unchanged. In reality, there is a correlation between the assumptions and other factors. It should also be noted that these sensitivities are non-linear and larger or smaller impacts should not be interpolated or extrapolated from these results. Sensitivity analysis does not take into consideration that the Company's assets and liabilities are managed. Other limitations include the use of hypothetical market movements to demonstrate potential risk that only represent the Company's view of possible near-term market changes that cannot be predicted with any certainty.

Legal proceedings

The Company reviews outstanding legal cases following developments in the legal proceedings and at each reporting date, in order to assess the need for provisions and disclosures in its financial statements. Among the factors considered in making decisions on provisions are the nature of litigation, claim or assessment, the legal process and potential level of damages in the jurisdiction in which the litigation, claim or assessment has been brought, the progress of the case (including the progress after the date of the financial statements but before those statements are issued), the opinions or views of legal advisers, experience on similar cases and any decision of the Company's management as to how it will respond to the litigation, claim or assessment.

5. Financial instruments risk

5.1 Risk management objectives and policies

The Company is exposed to various risks in relation to financial instruments. The Company's financial assets and liabilities by category are summarised as follows.

Cargo Handling Corporation Limited

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

5. Financial instruments risk (Contd)

5.1 Risk management objectives and policies (Contd)

The main types of risks are market risk, credit risk and liquidity risk. The Company's risk management is coordinated by management in close cooperation with the Board of Directors and focuses on actively securing the Company's short to medium-term cash flows by minimising the exposure to financial markets.

The most significant financial risks to which the Company is exposed are described below.

5.1.1 Market risk analysis

The Company is exposed to market risk through its use of financial instruments and specifically to currency risk, interest rate risk and price risk which result from both its operating and investing activities.

Foreign currency sensitivity

Foreign exchange risk arises from commercial transactions and financial assets and liabilities denominated in a currency that is not the Company's functional currency.

The Company is exposed to foreign currency risk since part of its cash and cash equivalents and borrowings are denominated in United States Dollar ("USD") and Euro ("EUR").

The currency profile of the Company's financial assets and liabilities is summarised as follows:

	2022	2021
	Rs	Rs
Financial assets		
MUR	1,058,391,258	908,241,736
USD	152,214,119	27,277,323
EUR	369,537	405,991
	1,210,974,914	935,925,050

	2022	2021
	Rs	Rs
Financial liabilities		
MUR	2,182,110,503	1,549,956,811
USD	223,324,698	987,474,538
EUR	1,823,893	2,433,322
	2,407,259,094	2,539,864,671

The following table illustrates the sensitivity of profit and equity in regards to the Company's financial assets and liabilities and the USD/MUR and EUR/MUR exchange rates, "all other things being equal".

It assumes the following changes in exchange rates based on the average market volatility in exchange rates in the previous 12 months. The sensitivity analysis is based on the Company's foreign currency financial instruments held at each reporting date.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

5. Financial instruments risk (Contd)

5.1 Risk management objectives and policies (Contd)

5.1.1 Market risk analysis (Contd)

Foreign currency sensitivity (Contd)

	2022	2021
USD/MUR	3%	6%
EUR/MUR	9%	12%

If the MUR had weakened against the USD and EUR, then this would have had the following impact:

	Profit and equity	
	2022	2021
	Rs	Rs
USD	(2,133,317)	(58,143,324)
EUR	(130,892)	(388,431)

Any strengthening in the MUR against the USD and EUR would have the same opposite impact.

Interest rate sensitivity

The Company's policy is to minimise interest rate risk exposures on long-term financing. At 30 June 2022, the Company was exposed to changes in market interest rates through bank borrowings at variable interest rates. The exposure to interest rates on the Company's financial assets is limited to part of its cash at bank held in a savings account.

Interest rate sensitivity analysis

The following table illustrates the sensitivity of profit and equity to reasonably possible change in interest rates of +/- 1% (2021: +/-1%). These changes are considered to be reasonably possible based on observation of current market conditions. The calculations are based on changes in the average market interest rates for each year, and the financial instruments held at each reporting date that are sensitive to changes in interest rates. All other variables are held constant.

	Profit and equity	
	Rs	
	+1%	-1%
At 30 June 2022	1,979,633	(1,979,633)
At 30 June 2021	7,342,807	(7,342,807)

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

5. Financial instruments risk (Contd)

5.1 Risk management objectives and policies (Contd)

5.1.1 Market risk analysis (Contd)

Price risk sensitivity

The Company is exposed to price risk in respect of its fair value investments. The average volatility observed in the share prices over the last twelve months is shown in the table below:

Name of investee companies	% change in share price	
	2022	2021
SBM Holdings Ltd	8%	15%
Port Louis Fund Ltd	1%	21%

If the stock prices for these investments increased by the above percentage, equity would increase by Rs 61,204 (2021: Rs 1,657,211) and a decrease in the quoted stock prices by the same percentage would decrease equity by an equal amount.

5.1.2 Credit risk analysis

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company. The Company is exposed to this risk from various financial instruments including outstanding trade receivables, loans receivable, term deposits, etc.

The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised below:

	2022 Rs	2021 Rs
Financial assets		
Non-current		
Investment in quoted and unquoted securities	13,774,897	12,508,232
Loans and grants receivable	24,749,807	21,311,691
	38,524,704	33,819,923
Current		
Short-term financial assets	741,157,951	400,550,301
Loans and grants receivable	13,400,287	13,400,530
Trade and other receivables	199,172,127	273,080,910
Cash and cash equivalents	218,719,845	215,073,386
	1,172,450,210	902,105,127
Total financial assets	1,210,974,914	935,925,050

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

5. Financial instruments risk (Contd)

5.1 Risk management objectives and policies (Contd)

5.1.2 Credit risk analysis (Contd)

As described in Note 10 to these financial statements, the Company holds investments in Port Louis Fund Ltd, Maurinet Investment Ltd and Mauritius Cargo Community Services Ltd, all incorporated in the Republic of Mauritius. The investments in Maurinet Investment Ltd and Mauritius Cargo Community Services Ltd are stated at cost since their fair values cannot be reliably measured. The directors have assessed the fair value of these investments and confirmed that the costs of these investments are reflection of their fair value at the reporting date. Concerning the investment in Port Louis Fund Ltd, it is measured at fair value using the net asset value model.

The Company also holds investments in two quoted companies which are measured at fair value based on the quoted prices prevailing on the Stock Exchange of Mauritius at the reporting date. At 30 June 2022, the fair values of these investments have increased resulting in a fair value loss amounting to Rs 50,688 (2021: fair value gain Rs 1,364,107).

As described in Note 15 to these financial statements, the Company holds treasury bills with Bank of Mauritius. Management considers that no credit risk is associated with the treasury bills.

The loans and grants are given to the employees of the Company and management considered that no credit risk is associated with these facilities as the majority of these employees are still in employment with the Company and where necessary full provision has been made.

In respect of trade receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics since trade and other receivables consists of various agents and customers. The analysis of the Company's expected credit losses on trade receivables is detailed in Note 14 in these financial statements.

The credit risk for cash and cash equivalents is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

The bank loans of the Company are secured by floating and fixed charges on all assets of the Company, including financial assets.

5.1.3 Liquidity risk analysis

Liquidity risk is the risk arising from the Company not being able to meet its obligations. The Company manages its liquidity needs by monitoring scheduled debt servicing payments for long-term financial liabilities as well as forecasted cash inflows and outflows due in day-to-day business.

The Company's objective is to maintain cash and marketable assets to meet its liquidity requirements for a 30-day period at a minimum. Funding for long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

5. Financial instrument risk (Contd)

5.1 Risk management objectives and policies (Contd)

5.1.3 Liquidity risk analysis (Contd)

The Company's financial liabilities have contractual maturities (including interest payments where applicable) as summarised below:

	Carrying amount Rs	Contractual cash flows Rs	Less than 1 year Rs	1-5 years Rs	Over 5 years Rs
At 30 June 2022					
Trade and other payables	434,569,274	434,569,274	434,569,274	-	-
Borrowings	1,008,266,252	1,185,271,028	201,314,513	499,483,852	484,472,663
Concession rights payable	957,272,800	3,127,987,803	155,750,430	778,752,150	2,193,485,223
Lease liability	7,150,768	7,150,768	560,796	4,216,675	2,373,297
Total financial liabilities	2,407,259,094	4,754,978,873	792,195,013	1,282,452,677	2,680,331,183

	Carrying amount Rs	Contractual cash flows Rs	Less than 1 year Rs	1-5 years Rs	Over 5 years Rs
At 30 June 2021					
Trade and other payables	428,794,701	428,794,701	428,794,701	-	-
Borrowings	1,138,425,953	1,351,043,610	196,842,847	589,853,204	564,347,559
Concession rights payable	964,958,436	3,283,738,233	155,750,430	778,752,150	2,349,235,653
Lease liability	7,685,581	7,685,581	534,813	3,804,775	3,345,993
Total financial liabilities	2,539,864,671	5,071,262,125	781,922,791	1,372,410,129	2,916,929,205

The Company considers expected cash flows from financial assets in assessing and managing liquidity risk, in particular its cash resources and trade receivables. In addition to relying on existing cash resources and trade receivables, the Company relies on banking facilities to meet its current cash outflow requirements.

6. Capital management policies and procedures

The Company's capital management objectives are:

- to ensure the Company's ability to continue as a going concern; and
- to provide an adequate return to shareholders.

The Company monitors capital on the basis of the carrying amount of equity plus its borrowings, less cash and cash equivalents as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, that is, equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

6. Capital management policies and procedures (Contd)

	2022 Rs	2021 Rs
Total borrowings	1,008,266,252	1,138,425,953
Lease liability	7,150,768	7,685,581
Less: cash and cash equivalents	(218,719,845)	(215,073,386)
Net debt	796,697,175	931,038,148
Total equity	549,237,606	562,371,781
Total capital	1,345,934,781	1,493,409,929
Gearing ratio (%)	59%	62%

The gearing ratio of 59% is considered reasonable by the Board of Directors.

7. Fair value measurement

7.1 Fair value measurement of financial instruments

Financial assets measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. This grouping is determined based on the lowest level of significant inputs used in fair value measurement, as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (that is unobservable inputs).

The financial assets measured at fair value in the statement of financial position of the Company's are grouped into the fair value hierarchy as follows:

	Level 1 Rs	Level 2 Rs	Level 3 Rs	Total Rs
30 June 2022				
Assets				
Quoted investments	72,000	7,835,544	5,867,353	13,774,897
30 June 2021				
Assets				
Quoted investments	66,750	7,891,482	4,550,000	12,508,232

There has been no transfer between level 1 and level 2 in 2021 and 2022.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

7. Fair value measurement (Contd)

7.1 Fair value measurement of financial instruments (Contd)

Measurement of fair value

Quoted investments (Level 1)

The quoted investments are listed on The Stock Exchange of Mauritius and the fair values have been determined by the reference to the quoted bid prices at the reporting date.

Unquoted investment (Level 2)

The unquoted investment was measured at fair value using the net asset value model.

Unquoted investments (Level 3)

The directors have made assessment on the fair value of these investments in the unquoted companies and concluded that their cost is a reflection of their fair values.

Level 3 – Fair value measurement

The reconciliation of the carrying amounts of financial assets classified within Level 3 is as follows

	2022 Rs	2021 Rs
Opening balance	4,550,000	4,550,000
Additions	1,317,353	-
Closing balance	5,867,353	4,550,000

7.2 Fair value of financial assets and liabilities not carried at fair value

The Company's other financial assets and financial liabilities are measured at their carrying amounts which approximate their fair values.

7.3 Fair value measurement of non-financial assets

The following table shows the levels within the hierarchy of non-financial assets measured at fair value at 30 June:

	Level 1 Rs	Level 2 Rs	Level 3 Rs	Total Rs
2022				
Property, plant and equipment:				
Plant and cargo handling equipment	-	-	1,988,693,928	1,988,693,928

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

7. Fair value measurement (Contd)

7.3 Fair value measurement of non-financial assets (Contd)

	Level 1	Level 2	Level 3	Total
2021	Rs	Rs	Rs	Rs
Property, plant and equipment:				
Plant and cargo handling equipment	-	-	2,180,053,338	2,180,053,338

The Company's plant and cargo handling equipment were revalued at 30 June 2017 by GS Partners Consulting Engineers Ltd, a professional firm of Chartered Valuers and Property Consultants, incorporated and registered in the Republic of Mauritius.

Valuation policy

The asset value has been derived on 'Replacement Cost New' basis with adjustments for physical depreciation, functional (or technical) obsolescence and economic obsolescence.

The method used for the asset evaluation is based on the economic cost analysis whereby the various types of equipment were depreciated according to their useful service life and the prevailing market rate of the equipment, in order to obtain their economic value or residual value.

The economic value and the residual value were then further discounted to obtain the revalued figure based on survey carried out on the actual state of the equipment.

The reconciliation of the carrying amounts of non-financial assets classified within level 3 is as follows:

	2022	2021
	Rs	Rs
Plant and cargo handling equipment		
At 01 July	2,180,053,338	2,268,912,132
Additions	1,378,609	100,621,737
Disposal	(134,863)	-
Depreciation	(192,603,156)	(189,480,531)
At 30 June	1,988,693,928	2,180,053,338

Other non-financial assets include property, plant and equipment (excluding plant and cargo handling equipment), intangible assets, right-of-use asset, deposits and prepayments and inventories. Non-financial liabilities include employee benefit liabilities and deferred tax liabilities. Fair value is not applicable for these non-financial instruments since they are not measured at fair value on a recurring or non-recurring basis in the statement of financial position.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

8. Property, plant and equipment (Contd)

(i) Revaluation of plant and cargo handling equipment

The Company's plant and cargo handling equipment was revalued at 30 June 2017 by GS Partners Consulting Engineers Ltd, a professional firm of Chartered Valuers and Property Consultants, incorporated and registered in the Republic of Mauritius. Valuations were made on the basis of the market value for existing use. The carrying value of the plant and cargo handling equipment was adjusted to the revalued amount and the resultant surplus was credited to revaluation reserve in equity.

(ii) Historical carrying amount of revalued assets

If the cost model had been used, the gross carrying amount of the revalued equipment would have been Rs 2,027,808,149 (2021: Rs 2,120,462,535).

(iii) Assets pledged

Bank borrowings are secured by floating and fixed charges on the assets of the Company.

No borrowing costs were capitalised in 2022 and 2021.

(iv) Assets held under finance leases

Plant and cargo handling equipment includes the following amounts where the Company is a lessee under a finance lease:

	2022	2021
	Rs	Rs
Cost	-	25,014,707
Accumulated depreciation	-	(7,969,560)
Carrying amount	-	17,045,147

(v) Write off

Write off relates to adjustments made to cost and accumulated depreciation of property, plant and equipment in respect of depreciated assets scrapped.

Cargo Handling Corporation Limited

Total		251,991	256,844	13,774,897	12,508,232

- (ii) During the year ended 30 June 2022, the shares of Air Mauritius Ltd was sold to Airport Holdings Ltd for a proceed of Rs 29,000 resulting into a gain on disposal of Rs 29,000.
- (iii) The investment in Port Louis Ltd was measured at fair value using net asset value as at 30 June 2022.
- (iv) During the year ended 30 June 2022, the Company acquired additional 147 equity shares held in Mauritius Cargo Community Services Ltd for a total consideration of MUR 1,317,353.
- (v) The directors have made assessment on the fair value of the investments in Maurinet Investment Ltd and Mauritius Cargo Community Services Ltd and concluded that their costs are reflection of their fair values.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

11. Loans and grants receivable

	2022	2021
	Rs	Rs
Loans to staff, gross (Note 11(i))	29,332,314	26,986,249
Allowance for credit losses	(3,355,747)	(4,417,926)
Loans to staff, net	25,976,567	22,568,323
Cash grants to staff (Note 11(ii))	12,173,527	12,143,898
	38,150,094	34,712,221

	2022	2021
	Rs	Rs
Classified as:		
Non-current	24,749,807	21,311,691
Current	13,400,287	13,400,530
	38,150,094	34,712,221

- (i) Loans to staff are unsecured loans granted to the employees of the Company at the rate of 0% to 7.5% per annum and are repayable within 1 to 7 years.
- (ii) Cash grants are provided to staff, free of charge, for payments of customs duty, registration duty and road tax on the purchase of car once in 5 years for heads of departments and once in 7 years for other employees meeting certain criteria. The cash grants are amortised in the statement of comprehensive income over 5 and 7 years. Any carrying balance of cash grant on departure of an employee is charged in full in the statement of comprehensive income.

12. Inventories

	2022	2021
	Rs	Rs
Spare parts	452,235,701	409,384,665
Others	6,820,352	5,969,674
	459,056,053	415,354,339
Provision for write down of inventories	(74,210,995)	(41,624,497)
	384,845,058	373,729,842

The cost of inventories recognised as an expense during the year was Rs 203,808,546 (2021: Rs 186,379,901) and is included in other operating expenses. An additional provision of Rs 32,586,498 has been recognised during the year ended 30 June 2022 (2021: Rs 2,709,963).

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

13. Deposits and prepayments

	2022	2021
	Rs	Rs
Unbilled revenue (Note 13(i))	-	4,918,647
Prepayments	7,344,825	5,175,784
Deposits (Note 13(ii))	13,424,354	55,780
	20,769,179	10,150,211

- (i) Unbilled revenue include handling charges not yet billed to clients at the reporting date.
- (ii) Deposits consist of work-in-progress which relates to advance payments made in relation to acquisition of assets.

14. Trade and other receivables

	2022	2021
	Rs	Rs
Trade receivables, gross (Note 14(i))	140,301,480	262,800,184
Allowance for credit losses (Note 14(i))	(14,439,374)	(14,439,374)
Trade receivables, net	125,862,106	248,360,810
Fixed deposits (Note 14(ii))	72,145,000	24,720,100
Other receivables	1,165,021	-
	199,172,127	273,080,910

- (i) Trade receivables are non-interest bearing and the average credit period is 60 days.

Expected credit losses

The Company applies IFRS 9 simplified model of recognising lifetime expected credit losses for all trade receivables as these items do not have a significant financing component.

In measuring the expected credit losses, the trade receivables have been assessed on a collective basis as they possess shared credit risk characteristics. They have been grouped based on the days past due and also according to the geographical location of customers.

The expected loss rates are based on the payment profile for sales over the past 24 months before 30 June 2022 and 30 June 2021 respectively as well as the corresponding historical credit losses during that period. The historical rates are adjusted to reflect current and forward-looking macroeconomic factors affecting the customer's ability to settle the amount outstanding.

Trade receivables are written off when there is no reasonable expectation of recovery. Failure to make payments within 90 days from the invoice date and failure to engage with the Company on alternative payment arrangement, amongst others, are considered indicators of no reasonable expectation of recovery.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

14. Trade and other receivables (Contd)

Expected credit losses (Contd)

On the above basis, the expected credit loss for trade receivables as at 30 June 2022 is determined as follows:

	Gross carrying amount 30 June 2022 Rs	Expected credit loss rate 30 June 2022 %	Lifetime expected credit loss 30 June 2022 Rs
Current	90,742,356	-	-
Past due 1 – 30 days	17,487,240	-	-
Past due 31 – 60 days	15,151,315	-	-
Past due 61 – 90 days	3,310,793	25.06%	829,598
Past due 91 – 120 days	635,202	100%	635,202
More than 121 days	12,974,574	100%	12,974,574
	140,301,480	-	14,439,374

	Gross carrying amount 30 June 2021 Rs	Expected credit loss rate 30 June 2021 %	Lifetime expected credit loss 30 June 2021 Rs
Current	185,682,679	-	-
Past due 1 – 30 days	51,055,575	-	-
Past due 31 – 60 days	1,768,346	-	-
Past due 61 – 90 days	2,682,601	-	-
Past due 91 – 120 days	5,734,564	29.64%	1,699,971
More than 121 days	15,876,419	80.24%	12,739,403
	262,800,184	-	14,439,374

The closing balance of the trade receivables loss allowance as at 30 June 2022 reconciles with the trade receivables loss allowance opening balance as follows:

	2022 Rs	2021 Rs
At 01 July	14,439,374	14,439,374
Loss allowance recognised during the year	-	-
At 30 June	14,439,374	14,439,374

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

14. Trade and other receivables (Contd)

- (ii) The Company has placed fixed deposits with banking institutions in the Republic of Mauritius and these fixed deposits have an initial maturity term greater than 3 months.

15. Short-term financial assets

	2022	2021
	Rs	Rs
Treasury bills measured at amortised cost		
At 01 July	400,550,301	101,052,328
Additions during the year	1,244,277,567	601,741,808
Matured during the year	(903,669,917)	(302,243,835)
At end of year	741,157,951	400,550,301

The short-term financial assets earn interest rate from 0.49% to 2.30% and have maturity term of 6 months.

16. Cash and cash equivalents

	2022	2021
	Rs	Rs
Cash in hand (MUR)	411,269	330,396
Cash at bank:		
- MUR	134,869,920	208,184,776
- USD	83,069,119	6,152,223
- EUR	369,537	405,991
	218,719,845	215,073,386

Cash at bank earns interest at floating rates based on the banks' deposit interest rates.

17. Share capital

	Number		2022	2021
	2022	2021	Rs	Rs
Shares issued and fully paid:

Non-current	1,138,407,425	965,887,260
	1,193,794,955	1,025,756,545

(a) Pension plan

The plan is a defined benefit arrangement for the employees and it is wholly funded.

The assets of the plan are held independently and administered by the State Insurance Company of Mauritius Ltd.

(i) Amount recognised in the statement of financial position:

	2022 Rs	2021 Rs
Present value of funded obligations	2,563,308,045	2,221,013,909
Fair value of plan assets	(1,586,872,178)	(1,415,367,548)
	976,435,867	805,646,361
Severance allowance	1,636,735	1,589,854
CHCL share of pension	5,700,507	6,538,127
	983,773,109	813,774,342

(ii) The movement in present value of the defined benefit obligations over the year is as follows:

	2022 Rs	2021 Rs
At 01 July	2,229,141,890	2,154,688,436
Current service cost	79,735,961	65,880,489
Interest cost	113,700,721	76,497,686
Benefits paid	(121,351,625)	(207,344,648)
Liability losses	269,418,340	139,419,927
	2,570,645,287	2,229,141,890

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

18. Employee benefit liabilities (Contd)

(a) Pension plan (Contd)

(iii) The movement in the fair value of plan assets over the year is as follows:

	2022	2021
	Rs	Rs
At 01 July	1,415,367,548	1,305,785,121
Expected return on plan assets	76,658,152	46,950,098
Employer contributions	53,514,522	58,125,519
Special contributions	213,950,000	105,300,000
Employee contributions	30,565,788	30,619,823
Benefits paid	(122,563,376)	(160,539,618)
Asset (loss)/ gain	(80,620,456)	29,126,605
At 30 June	1,586,872,178	1,415,367,548

(iv) Amount recognised in the statement of comprehensive income is as follows:

	2022	2021
	Rs	Rs
Current service cost on funded obligation	79,735,961	65,880,489
Employee contributions	(30,565,788)	(30,619,823)
Fund expenses	6,995,727	6,944,215
Net interest expense	37,042,569	29,547,588
Charge to profit or loss	93,208,469	71,752,469
Remeasurement	269,418,339	139,419,927
Liability losses	80,620,456	(29,126,605)
Asset loss/ (gain)	350,038,795	110,293,322
Charge to other comprehensive income		
Total	443,247,264	182,045,791

(v) The actual return on plan assets was:

	2022	2021
	Rs	Rs
At 30 June	(3,962,304)	76,076,703

(vi) Movement in the liability recognised in the statement of financial position:

	2022	2021
	Rs	Rs
At 01 July	813,744,342	848,903,315
Additional liability recognised under the new pension scheme	-	-
Total expenses as above	93,208,470	71,752,469
Contributions paid by employer	(59,298,498)	(111,874,764)
Special contributions	(213,950,000)	(105,300,000)
Amount recognised in other comprehensive income	350,038,795	110,293,322
At 30 June	983,773,109	813,774,342

The weighted average duration of the defined benefit obligation is 15 years.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

18. Employee benefit liabilities (Contd)

(a) Pension plan (Contd)

(vii) The assets in the plan were:

	2022	2021
	Rs	Rs
Government securities and cash	58.1%	56.2%
Loans	0.5%	0.6%
Local equities	14.4%	12.20%
Overseas bonds and equities	26.5%	30.5%
Property	0.5%	0.50%
	100%	100%

The plan is exposed to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk. The risk relating to death in service benefits is re-insured.

(viii) Expected contributions to post-employment benefit plans for the year ending 30 June 2023 are Rs 55,387,530.

(ix) Amounts for the current and previous year are as follows:

	2022	2021
	Rs	Rs
Present value of defined benefit obligations	(2,570,645,287)	(2,229,141,890)
Fair value of plan assets	1,586,872,178	1,415,367,548
Deficit	(983,773,109)	(813,774,342)
Experience adjustments on plan assets	(80,620,456)	29,126,605
Experience adjustments on plan liabilities	269,418,339	139,419,927

(x) The principal actuarial assumptions used for accounting purposes were:

	2022	2021
	Rs	Rs
Discount rate	5.20%/5.00%	3.10%/5.45%
Future pension increase	2.5%/3%	2%/3%
Expected salary escalation	3.5%	3%
Mortality before retirement	A6770 Ultimate tables	
Mortality in retirement	PA (90) Tables	
	As per the rules of the Schemes and the	
	Worker's Rights Act 2019	
Retirement age		

Significant actuarial assumptions for determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analyses below have been determined based reasonably on possible changes of the assumptions occurring at the end of the reporting year.

- If the discount rate would be 100 basis points (one percent) higher/(lower), the defined benefit obligations would decrease by Rs 333.3 million (increase by Rs 425.1 million) if all other assumptions were held unchanged.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

18. Employee benefit liabilities (Contd)

(a) Pension plan (Contd)

(x) The principal actuarial assumptions used for accounting purposes were (contd):

- For the additional obligation under the new pension scheme, if the discount rate would be 100 basis points (one percent) higher/(lower), the defined benefit obligation would decrease by Rs 2,880,826 (increase by Rs 2,232,091) if all other assumptions were held unchanged.
- If the expected salary growth would increase (decrease) by 1%, the defined benefit obligations would increase by Rs 210.5 million (decrease by Rs 175.2 million) if all assumptions were held unchanged.
- For the additional obligation under the new pension scheme, if the expected salary growth would increase (decrease) by 1%, the defined benefit obligation would increase by Rs 4,505,834 (decrease by Rs 3,479,660) if all assumptions were held unchanged.

In reality one might expect interrelationships between the assumptions, especially between discount rate and expected salary increases, given that both depends to a certain extent on expected inflation rates. The analysis above abstracts from these interdependence between the assumptions.

(b) Social plan

The plan is a defined benefit arrangement and it is wholly funded.

The assets of the plan are invested in funds managed by State Insurance Company of Mauritius Ltd.

(i) Amount recognised in the statement of financial position:

	2022 Rs	2021 Rs
Present value of funded obligations	412,993,977	422,847,440
Fair value of plan assets	(202,972,131)	(210,865,237)
At 30 June	210,021,846	211,982,203

(ii) Amount recognised in the statement of comprehensive income is as follows:

	2022 Rs	2021 Rs
Fund expenses	539,827	542,164
Net interest expense	9,754,942	6,791,050
Charge to profit or loss	10,294,769	7,333,214
Remeasurement		
Liability losses	7,868,011	22,647,951
Asset gain	(11,248,137)	(5,173,625)
Charge to other comprehensive income	(3,380,126)	17,474,326
Total	6,914,643	24,807,540

Cargo Handling Corporation Limited

Amount recognised in other comprehensive income	(3,380,126)	17,474,326
At 30 June	210,021,846	211,982,203

(iv) The actual return on plan assets was:

	2022	2021
	Rs	Rs
Expected return on plan assets	8,512,067	6,943,742
Asset losses	(11,248,137)	(5,173,625)
At 30 June	(2,736,070)	1,770,117

(v) The movement in the present value of defined benefit obligation is as follows:

	2022	2021
	Rs	Rs
At 01 July	422,847,440	422,608,987
Interest cost	18,267,009	13,734,792
Benefits paid	(35,988,483)	(36,144,290)
Liability losses	7,868,011	22,647,951
At 30 June	412,993,977	422,847,440

The weighted average duration of the defined benefit obligation is 9 years.

(vi) The movement in fair value of plan assets:

	2022	2021
	Rs	Rs
At 01 July	210,865,237	228,559,324
Expected return on plan assets	8,512,067	6,943,742
Special contribution	8,875,000	6,875,000
Benefit paid	(36,528,310)	(36,686,454)
Assets gain	11,248,137	5,173,625
At 30 June	202,972,131	210,865,237

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

18. Employee benefit liabilities (Contd)

(b) Social plan (Contd)

(vii) The assets in the plan were:

	2022 Rs	2021 Rs
Fixed interest securities and cash	92.8%	93.9%
Local equities	7.2%	6.1%
	100%	100%

The plan is exposed to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk. The risk relating to death in service benefits is re-insured.

(viii) Expected contribution to social plan for the year ended 30 June 2022 is nil.

(ix) Amounts for current and previous years are as follows:

	2022 Rs	2021 Rs
Fair value of plan assets	202,972,131	210,865,237
Present value of defined benefit obligations	(412,993,977)	(422,847,440)
Deficit	(210,021,846)	(211,982,203)
Experience adjustments on plan assets	11,248,137	5,173,625
Experience adjustments on plan liabilities	(7,868,011)	(22,647,951)

(x) The principal actuarial assumptions used for accounting purposes were:

	2022 Rs	2021 Rs
Discount rate	4.5%	4.32%
Future pension increase	2.5%	2.00%
	PA (90) Tables rated down by 2 years	PA (90) Tables rated down by 2 years
Mortality in retirement		

The discount rate is determined by reference to market yields on bonds.

Significant actuarial assumptions for determination of the defined benefit obligation are discount rate, interest and mortality. The sensitivity analyses below have been determined based reasonably on possible changes of the assumptions occurring at the end of the reporting year.

- If the discount rate would be 100 basis points (one percent) higher/(lower), the defined benefit obligations would decrease by Rs 33 million (increase by Rs 38.3 million) if all other assumptions were held unchanged.
- If the rate of pension increase would be 100 basis points (one percent) higher/(lower), the defined benefit obligations would increase by Rs 38.3 million (decrease by Rs 33 million) if all assumptions were held unchanged.
- If life expectancy would increase/(decrease) by one year, the defined benefit obligations would increase by Rs 17.7 million (decrease by Rs 17.7 million) if all assumptions were held unchanged.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

18. Employee benefit liabilities (Contd)

(b) Social plan (Contd)

The analysis above abstracts from any interdependence between the assumptions.

19. Borrowings

The effective interest rates refer to the rates effective during the year.

	Interest rate %	Maturity	2022 Rs	2021 Rs

(i) USD 19 million EIB Bank Loan

This loan is secured by the Company's assets. It is repayable in thirty-two semi-annual instalments.

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

19. Borrowings (Contd)

(ii) USD 10.5 million MPA Loan

This loan was rescheduled in December 2012 and is secured by the Company's cranes for which the loan was granted. It is repayable in ten yearly equal instalments of USD 781,933, inclusive of interest.

(iii) USD 14 million Government of Mauritius loan

This loan has been fully disbursed during the year ended 30 June 2018 and is scheduled to be repayable as from October 2021. During the year under review, an amount of Rs 57,675,269 (equivalent to USD 1,339,017) was repaid.

(iv) Rs 184 million Government of Mauritius loan

The said loan for the sum Rs 184,000,000 shall be effective as from the date the loan is disbursed to CHCL. The interest payable by CHCL shall be at the fixed rate of 3% per annum. The interest shall accrue on a semi-annual basis as from the date of first drawdown of the loan. The principal amount of the loan shall be repaid in 22 semi-annual instalments as from 30 June 2024. Interest shall be paid on a semi-annual basis as from 31 December 2021.

20. Lease liabilities

	2022 Rs	2021 Rs
Right-of-use asset		
At cost	8,682,018	8,682,018
Depreciation charge	-	-
Net book values	8,682,018	8,682,018

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

20. Lease liabilities (Contd)

	2022 Rs	2021 Rs
Lease liabilities	6,589,972	7,150,768
- Non-current	560,796	534,813
- Current	7,150,768	7,685,581

Amounts recognised in the statement of comprehensive income:

	2022 Rs	2021 Rs
Depreciation charge of right-of-use assets	-	-
Interest expense	373,391	398,170

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Lease liability is measured by remaining lease payments, discounted using a discount rate based on the Company's incremental borrowing rate at the date of initial application. The right-of-use asset is measured at the amount of lease liability, adjusted by the amount of any previously recognised prepaid or accrued lease payments relating to that lease. Each lease payment is allocated between the liability and the finance cost. The finance cost is charged to statement of profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The right-of-use asset is a freehold land.

The Company's lease arrangement includes premises and vehicles. The remaining period of the lease contract is 9 years as from 30 June 2022.

Future minimum lease payments at 30 June 2022 were as follows:

	Within 1 year Rs	2-9 years Rs	Total Rs
30 June 2022			
Lease payments	908,204	8,003,574	8,911,778
Finance charges	(347,408)	(1,413,602)	(1,761,010)
Net present values	560,796	6,589,972	7,150,768
30 June 2021			
Lease payments	908,204	8,911,752	9,819,956
Finance charges	(373,391)	(1,760,984)	(2,134,375)
Net present values	534,813	7,150,768	7,685,581

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

21. Concession rights

- (i) The Mauritius Ports Authority ("MPA" or the "Authority"), as landlord of Port Louis Harbour, under the Ports Act 1998 and as licensor entered into a concession agreement with the Cargo Handling Corporation Limited (the "Operator"), whereby the latter provides cargo handling services at Terminals I, II and III.

Pursuant to a Revised Concession Fees letter ("letter") dated 13 June 2018, CHCL has been informed about the heavy development project regarding the upgrading and extension of Berths at the Mauritius Container Terminal (MCT) which the Company has already started using since August 2017.

In respect to the abovementioned development, the concession fees chargeable to the Company have been reviewed with effect from 01 August 2017 to Rs 155,750,430 per annum (Rs 12,979,203 per month) for a period of 25 years.

- (ii) Significant terms of concession agreement are as follows:

- (a) Provision of cargo services from ships until delivery to consignees;
- (b) Provision of cargo services from the receipt of export cargo/containers from shippers until shipment on board vessels;
- (c) Safe keeping of all cargo handled, incoming and outgoing alike - from the time it comes into its possession until shipment onboard vessels or delivery to consignees, as the case may be;
- (d) Provision of cargo services for discharge, storage and reshipment of transshipment containers; and
- (e) The payment of an annual fee over the year of the concession.

Movement in the concession rights payable are as follows:

	2022 Rs	2021 Rs
At 01 July	964,958,436	971,621,657
Finance costs (Note 27.2)	148,064,800	149,087,200
Payment during the year	(155,750,436)	(155,750,421)
At 30 June	957,272,800	964,958,436

Future minimum payments together with the present value of the net minimum payments are as follows:

	2022 Rs	2021 Rs
Minimum lease payments:		
Within one year	155,750,430	155,750,430
After one year but less than five years	778,752,150	778,752,150
After five years	2,193,485,223	2,349,235,653
	3,127,987,803	3,283,738,233
Less notional finance charges	(2,170,715,003)	(2,318,779,797)
Present value of concession rights payable	957,272,800	964,958,436

Cargo Handling Corporation Limited

Notes to the financial statements

For the year ended 30 June 2022

28. Taxation

The Company is liable to income tax at the rate of 15% on its chargeable income and at 30 June 2022 it did not have any income tax liability.

The Company is subject to the Advanced Payment Scheme (APS) and the Corporate Social Responsibility Fund (CSR Fund).

Under the APS, the Company is required to submit an APS Statement and pay tax quarterly on the basis of either last year's income or the income for the current quarter.

Contribution to the CSR Fund is a rate of 2% on chargeable income of the preceeding financial year.

The major components of income tax expense are:

28.1 Statement of comprehensive income

	2022 Rs	2021 Rs
Deferred income tax:		
Reported in statement of comprehensive income	21,023,886	6,440,344
Reported in other comprehensive income	12,510,005	18,205,619
Tax expense reported in statement of comprehensive income	33,533,891	24,645,963

28.2 Reconciliation

A reconciliation between tax expense and the product of accounting profit multiplied by the domestic rate for the years ended 30 June 2022 and 30 June 2021 is as follows:

	2022 Rs	2021 Rs
Accounting profit before income tax	367,109,073	29,085,354
At the statutory income tax rate of 15%	55,066,361	4,362,803
Non-deductible expenses	38,532,291	35,082,787
Depreciation and amortisation	36,714,757	36,667,322
Exempt income	(83,426,048)	(109,054,962)
Deferred tax assets not utilised	(46,887,361)	32,942,050
Movement in deferred tax	33,533,891	24,645,963
Deferred tax expense reported in statement of comprehensive income	33,533,891	24,645,963

Cargo Handling Corporation Limited

31. Commitments and contingencies

31.1 Capital commitments

The Board has approved a capital investment programme for financial year 2022/2023 amounting to Rs 655 million which involves the acquisition of building, cargo handling equipment, motor vehicles, IT equipment and furniture, fixtures and fittings as per the Company's budget 2022/2023.

31.2 Legal claims

The Company has the following cases pending before the Courts and the outcome cannot be determined at this stage:

Shaban Trading Agency v/s CHCL – This involves the sum of Rs 3,000,000 – container wrongly sent to Madagascar. Case is ongoing.

J.K Bhowany v/s CHCL – This involves the sum of Rs 2,373,333 – for claims. Case is ongoing.

The Company had a provision of Rs 8,000,000 as at 30 June 2022 towards legal claims. The directors consider that, based on the present circumstances and also advices from legal counsels, no additional provision is required for the ongoing legal claims.

Cargo Handling Corporation Limited
